I'll start with the Jeffersonian view. Jackson knew the plight of the poor, and during his administration, he made many efforts to return the country to the people. And for many, the Jacksonian Democratic Party filled that role. Jeffersonian vs. Likewise, Jackson declared all ordinary and intelligent white citizens equally qualified to serve. The growing lower and middle classes fought endlessly for their rights, which were continually denied by those in power. Jefferson feared the consequences of industrialization, and thus didn't support it. One of the many bills Jefferson proposed was the Bill for General Education, which allowed everyone to have as much free education as each person was fitted for. Cunningham, Noble E. The Jeffersonian Republicans' image of the common man was one vested in the educated and independent farmer, who by no stretch of the imagination had the capabilities to serve in government. In summary, the political and economic conditions of the Jeffersonian and Jacksonian Democracies were equally related and different. First of all, each man's attitude toward minorities including slaves, women, and Native Americans closely related to each other. Next, how the candidates for President were chosen was done differently. Jefferson saw no reason to let them vote since women were never called upon to discuss politics or anything really for that matter. When political alignments first emerged in George Washington's administration, opposing factions were led by Alexander Hamilton and Thomas Jefferson. Jefferson's policies however were still partially geared towards the elite, and thus do not help the common man as much as Jackson's economic system, which was entirely geared towards the common man. Both Jefferson and Jackson did what they felt would economically benefit the common man however Jefferson's maintenance of the Hamiltonian economic system, which benefited the upper class, did less for the common man than Jackson, who advocated for the ideals of economic success for all. Jackson saw no reason not to use force to achieve his goals exemplified in his handling of the Nullification Crisis of 1832, with the passing of the Force Act to force any law necessary. Brinkley, Alan, and Davis Dyer. With Madison and James Monroe succeeding Jefferson, the party's "Virginia dynasty" held the presidency until 1800. The Jacksonians embodied the American spirit, and so perfectly displayed the ability to climb from the very bottom to the very top. Each formed their own system that helped shape the way people think about American government. In the same manner, Jackson turned away from extending egalitarian policies to slaves and women received little betterment, although many reforms were taking place in the time of the Jacksonian Democracy. Each formed their own democracy that helped shape the way people think about American government. They believed that schools restricted individual liberty by interfering with parental responsibility. Jefferson proposed the Statute for Religious Freedom, separating church and state and removing the private right of religious belief from control by public law. Both Jeffersonian Republicanism and Jacksonian Democracy were based on the beliefs in the freedom and equal rights of all men. In the same manner, Jackson veered away from extending egalitarian policies to slaves and women received little betterment, although many reforms were taking place in the time of the Jacksonian Democracy. A truly self-made man of will and courage, he personified for many citizens the vast power of nature and Providence. Andrew Jackson: His Life and Times. Therefore, it can be seen that Jeffersonian democracy did not favour the privileged but recognised their existence within society, acknowledging the ability for people to transcend social classes through their own efforts. Economically, they benefited from governing during a time of paramount advances in transportation, which boosted commerce and helped the common man. You know how looking at a math problem similar to the one you're stuck on can help you get unstuck? These beneficial actions included relocation from their homeland, murder in great numbers, rape, and a complete disregard for the various cultures represented by the Native Americans.
